

Launceston City SC and Westside Devils SC have forged a partnership to initiate a dynamic and positive football development ideal. Our philosophy will be to provide football training which systematically develops in our players the key football attributes of technique, ball skill, and football intelligence. Our qualified and experienced FFA certified coaches will create a positive learning environment in which players can develop the necessary skills for footballing success.

Our objective is to develop and facilitate training practices for every player which allows freedom of expression, creativity and a love of the game.

The focus will be on developing players who desire to play at the highest level. The pathway is open to boys and girls.

Training will be conducted in accordance with the National Curriculum with the focus on learning and not result based.
